Artist JonMarc Edwards' invites you to FLUTTER, an extraordinary event at the SEARCH + RESQ Gallery located near the Brewery in downtown Los Angeles. FLUTTER is an immersive installation, where participants are spellbound to intermittent flurries of text, meaning and chaos. FLUTTER is an experience that connects both the visually stunning with the metaphorically inspiring. Earthy, humorous and wise, the conceptual installation visually asserts that language is an essential element; the fifth element, like air, water, fire and wind (and as ubiquitous.) FLUTTER empowers participants to interact and make sense of the linguistic fabric that is all-around us; concrete, profuse, disposable - unique!
