### ***Press Release***

**JONMARC EDWARDS**

***SELF CONTAINED PAINTINGS***

**May 1 – May 29, 2004**

#### **Self-Contained**

*Adj*

1. possessing all the features and facilities required to function independently.
2. able or tending to keep feelings and opinions private or to control feelings and reactions in front of others

The subjectivity of the artist is the art and is on display at the Carl Berg Gallery in a installation by JonMarc Edwards entitled **Self Contained Paintings**. Known primarily as a painter, JonMarc's installation frames his paintings with transparent storage boxes revealing the content of his customary coded driven imagery. Filled with childhood artifacts, ephemeral accumulations and painted confessions these boxes become a metaphor for the compartmentalization of self, life's baggage and all it's possibilities.
